

TEHNIK-AIR

FOR MEDICAL USE

TEHNIK-AIR24/XS88

SILENT MEDICAL AIR COMPRESSOR 24L

- Quiet operation – ideal for medical and laboratory environments
- Oil-free technology – delivers clean, contamination-free air
- Compact, professional-grade design

TECHNICAL SPECIFICATIONS

Code	TEHNIK-AIR24/XS88
Tank	24 L
Power	1.0HP / 0.75kW
Max. Pressure	9 bar
Lubricated	NO
RPM	1430 rpm
Voltage/Frequency	230 V ~ 50Hz
Dental Chairs	1
Intake air displacement	140 l/min
Output air displacement	98l/min
Sound pressure (LwA)	79 dB(A)
Sound level (LpA)	59 dB(A)
Net weight	22 kg
Carton box dimensions	460x460x650mm

Condor MDR 2 Pressure Switch (Made in Germany)

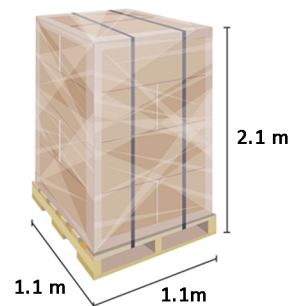

5 Micron Filter-Regulator (Made in Italy)

Rubber feet for reduced noise

Low noise pump Made by FIAC

Copper pipe

24l Painted tank (Made in Italy)

1 Pallet = 12 pcs = 285 kg

MAIN CHARACTERISTICS

- 24L - Electrostatic painted tank inside for a clean air (Italy)
- High quality Condor MDR2 Pressure Switch (Germany)
- Pump made by FIAC Italy
- Rubber feet for noise reduction
- Copper tube for better heat dissipation
- 1/4" Filter-Regulator Unit, 5 Micron (Italy)
